Austria

As a company from Austria, we particularly understand the needs of Austrian and European shippers. And we meet their logistics requirements around the world. Experienced, reliable, and innovative.

MEMBER OF
FMS GROUP

We aren't as new as we look.

ILG Innovative Logistics Group GmbH was founded in Linz in April 2012. We are a joint venture between the managing partners Wolfgang Klepatsch and Peter Neuhuber as well as Fr. Meyer's Sohn (GmbH & Co.) KG – or FMS for short.

FMS is one of the largest independent logistics providers in the world, and was founded in Hamburg back in 1897. Together we can draw on over 100 years of experience as well as up-to-date expertise.

Intermodal Transport with ILG – Seamless Perfection.

You know where your products are going. We combine the different modes and methods of transport for you. Your goods travel seamlessly from Austria to a seaport and then all over the world.

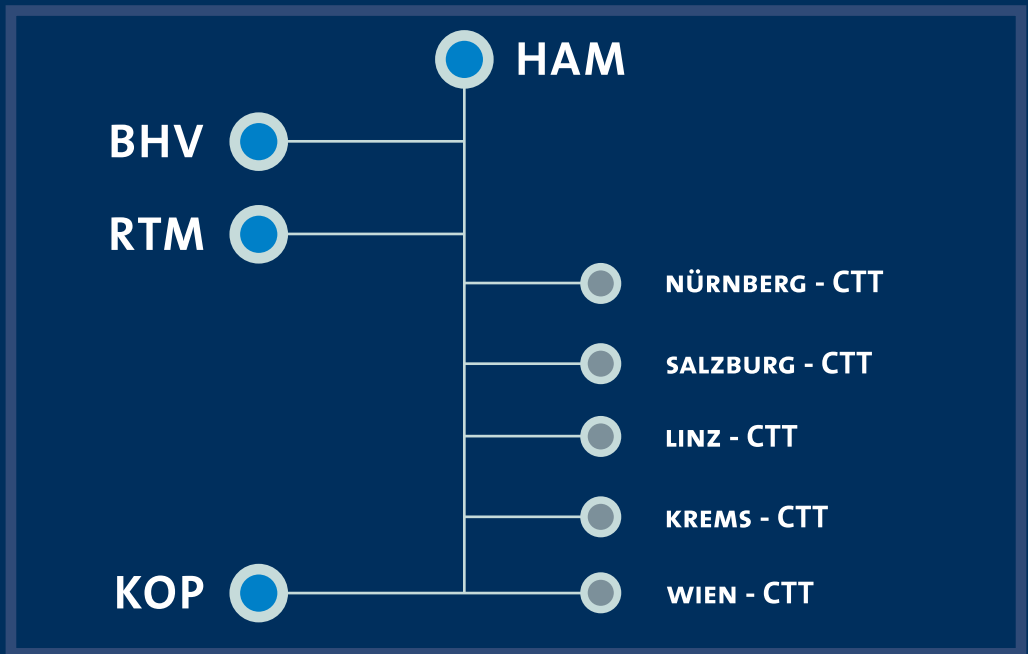

MEMBER OF
FMS GROUP

We are your logistics partner in Austria with a focus on intermodal container transports through seaports.

This is what we can do for you:

- Container positioning on customer track in shuttle concept and/or single-wagon way
- Forming block trains one-way or shuttle transports to/from an inland terminal to seaport terminal and vice versa
- Qualitative chassis trucking »just in time«

Would you like to discuss the details?
We'd be delighted!

It couldn't be heavier?

We master even the most challenging transport jobs. Nothing is too tall, heavy, or wide for us. Alternative routes, excellent connections, deadlines, permits, customs regulations – we will calmly get your goods to any destination.

MEMBER OF
FMS GROUP

Our company's main area of expertise also includes heavy lift and project shipments.

We organize the shipments for you door-to-door across our worldwide network. Our experts not only advise you in questions related to shipping and the selection of a ship, but also when it comes to packaging and customs.

For example, for:

- Industrial ovens from China to Europe
- Injection molding machines from Europe to the United States
- Power plant elements from Asia to South America

ILG –

THE COMPONENTS OF PROJECT SHIPPING

WE OFFER YOU:

- Transport design (planning/feasibility)
- Selection of the type of ship – tailored to your goods
- Route survey
- Optimal packaging with lashing points

Optimize your transport flows and logistics costs.

We make specialists available to you worldwide. Whether bulk goods, goods with the highest level of confidentiality, time-sensitive shipments, or promotion logistics.

MEMBER OF
FMS GROUP

Import, export and cross-trade container shipments (FCL/full container loads) are further focus of our activities.

Arguments that speak for us as a strong import-export partner:

CONNECTIONS

As a partner in FMS Seaways' NVOCC* Network, we have excellent connections to the globally active container shipping companies in all of the main trades and niche transports.

*NVOCC = Non Vessel Operating Common Carrier

EXPERTISE

Our focus on containerizable consumer, industrial, and bulk goods gives us the advantage that our customers benefit from.

MEMBER OF FMS GROUP

As a member of the FMS Group, we have access to a worldwide network of partners.

KEY ACCOUNT MANAGEMENT

Our key account managers have a wide range of industry know-how. We take the necessary time and attend to your needs.

What can we export or import for you? Let's talk about it!

Forest products – nothing lighter than that.

To us, forest products are everyday business. Thoughtful handling and experience are the key to getting paper to its destination on time and undamaged. That's why we only allow select specialists to come near your sensitive goods.

MEMBER OF
FMS GROUP

Forest Products = ILG + FMS

As a member of the FMS Group, ILG benefits from the experience and performance of one of the paper industry's most well-known logistics service providers. FMS is Europe's largest independent logistics specialists for forest products.

Whether paper, lumber, or pulp – our expertise in FCL or breakbulk shipments will impress you.

ILG –

WE OFFER YOU:

- Customized logistics concepts for your import and export shipments of paper, wood, or pulp
- FCL, LCL, breakbulk (partial and full cargo handling)
- Shipments by truck, train, or inland waterway
- Loading inspections/surveys
- Accompanying shipments worldwide
- Stowing advice/containerization
- Advice on the ideal method of securing loads/risk management
- Customs clearance of imports and exports
- Customs clearance
- Transport insurance
- Inventory management

Do you have any questions about the services we offer when it comes to forest products?
